

Directions to Vergari & Napolitano

5777 W. Century Boulevard, Suite 1580

Please note our address above. We are located just east of the entrance to Los Angeles International Airport (LAX), close to the intersection of Century Boulevard and Airport Boulevard.

Though we have a Century Boulevard address, the entrance to our building is actually off of 98th Street, which runs parallel to Century Boulevard just one block north. From the intersection of Century and Airport Boulevards, turn north onto Airport Boulevard. The first signal you come to is 98th Street.

From the intersection of Airport Boulevard and 98th Street, turn east onto 98th Street at the Sheraton Four Points Hotel. Once you have turned, you will be on the back side of the Los Angeles Airport Marriott Hotel, which is a yellowish complex. Just beyond the Marriott Hotel is our very tall white office structure identified as 5777. You will turn right into the building, just beyond the alley that separates the Marriott property and our building. You will turn right into the parking entrance.

When you have pulled into the parking entrance to 5777, you will pull a ticket. The gate will open and **you should immediately look overhead for the two visitor parking signs. The first has a straight ahead arrow, but shortly after the first visitor parking sign follows another visitor parking sign that has a left turn arrow. Make that left turn and you will be in valet parking.** The valet will also give you a ticket. Keep both tickets. We will validate your parking ticket as usual. You will use the valet ticket to reclaim your car from the valet parking attendant. Exiting is an easy left turn out of the valet area. You will see the exit gate, where you will turn in your validated parking ticket.

Once you are inside the lobby, stop at the lobby desk and ask for directions to Suite 1580. There are three elevator banks, so please make sure you check with the lobby desk attendant.
